

## Assignment H-1: Sprint 1 Individual reflection

1. **What do I want to learn or understand better? Consider e.g. teamwork, Scrum, agile processes, technologies etc?**

I would like to understand the coding a bit more, I feel very new to this kind of programming with APIs and stuff. I have been trying to set myself into some guides and our different files we started this week by myself but maybe it would be good to go through it some more with the team.

2. **What is my contribution towards the team's deliveries? How can I help my team do better next sprint?**

I have been contributing with planning and structuring of our work. I believe that is a thing I can continue to do to help our team forward. I would also like to contribute to our problem with gathering all group members for meetings, by trying to make a longer plan for when we all have possibilities to meet in the weeks.

3. **Changes/improvements from last week's reflection?**

This is the first one
